

If I have left anyone off the list believe me when I say...I probably didn't know your name. But please know that your efforts were and truly are greatly appreciated...Please make sure that we get your name down...Ella and I are planning a little something for you all (It may have something to do with the new pellet smoker that arrived in late July and a wonderfully tender part taken off a certain barn yard animal).

### **A Special Thanks from the parsonage committee!**

I want to say a big thank you to the following people for helping out at the parsonage during our recent redecorating surge. For two weeks you showed up and painted, cleaned, scraped wallpaper, removed paneling, and installed new wood trim. Anything I asked of you was tackled and completed. I cannot thank you enough. Just saying we accomplished a lot would be an understatement. Only those of you who were there can understand the huge job we had to do and how quickly we got it all done. It looks wonderful and I am so proud of the results we all achieved.
